CARDHOLDER AGREEMENT

Using a University of Richmond credit card is a responsibility that should not be taken lightly. Continued use of the card is contingent upon adherence to the rules and regulations set forth by the University. Therefore, it is vital that you read each statement carefully to ensure that you fully understand the program's key requirements. Your signature on this form is acceptance of all elements of this agreement.

I _____, agree to comply with the following Terms & Conditions of this Agreement regarding the use of a University credit card, herein referred to as "PCard".

Prior to signing this agreement, the cardholder and the approver should be familiar with the University's pcard, travel and procurement policies, located on the Controller's Office website, <http://controller.richmond.edu/sourcing-payments/index.html> . Completing this agreement indicates you will adhere to such policies.

The cardholder shall comply with any training required by Purchasing Card Program Manager, including refresher training.

The University will monitor and audit the use of the PCard and will take appropriate action, when improper use is found.

The PCard must be safeguarded at all times.

The PCard has pre-determined limits. Splitting a transaction to circumvent the limits is a violation of this agreement.

All transactions placed on the PCard are paid by the University to the credit card company. Therefore, transactions placed on the card may not be submitted for reimbursement. Submitting these items for reimbursement may result in disciplinary action.

Documentation or receipts are required for all transactions placed on the PCard and must be submitted with the statement and Transaction Allocation Report to Accounts Payable, by the deadline established by the Purchasing Card Administrator. Statements must have the appropriate approval signatures. The PCard may be suspended if statements are not received by the deadline.

The credit card system, PaymentNet, should be accessed on a weekly basis. All transactions should be allocated to the appropriate index/account code and the University business purpose should be provided for each transaction before the transactions are downloaded into the Banner financial system each week. The business purpose should include the following information: who, what, where, and why, as appropriate.

The University may terminate the right to use the PCard at any time, for any reason. The PCard shall be returned to the Purchasing Card Program Manager immediately upon request or termination of employment (including retirement).

If the PCard is lost or stolen, the cardholder will notify the University's Purchasing Card Program Manager and the credit card company (J P Morgan Chase, 1-800-270-7760), immediately.

Credit card limits will be evaluated on a yearly basis, and adjusted by the Purchasing Card Program Manager, if warranted.

The PCard is not to be used for personal expenses of any kind. If personal expenses are placed on the card, the employee must immediately notify the Purchasing Card Program Manager and reimburse the University for the expenses. Expenses not reimbursed may be deducted from future reimbursements or the employee's wages. Placing personal expenses on the card may be cause for the suspension of the card and/or employee disciplinary action, up to and including, termination.

If items are purchased on the PCard that are against University policy, the employee will be required to reimburse the University for the cost of the purchase. If the employee does not reimburse the University, the total amount of the inappropriate charge may be deducted from the employee's wages, or future reimbursements, and disciplinary action may take place, up to and including, termination of employment.
